WORK EXPERIENCE

- 2023** **mellowmessage** Leipzig
 UX Designer 6 month
 Agile jira workflows, Miro workshops (Remote), Prototyping B2B user journeys and user flows for desktop and mobile applications to calculate various industrial tasks and calculations.
- 2022-2023** **uxactly.**
 UX Designer 9 month
 Workshops (Remote & In person), Miro Magic, Prototyping B2C up to Mid-Fidelity Prototypes, Usability Testing with Lookback, User Journeys and User Stories (Bexio, Skillworx, Dipko, FreeOnTour).
- 2019 - 2020** **TicToys**
 Production manager 1 year
 Ran the production unit (with up to six people), optimized delivery and production processes, as well as prepared for and organized fairs. Handled photo shoots of new products for social media.
- 2014-2018** **Spreadshirt**
 Customer service for Graphic Design & Large order expert 4 1/2 years
 Helped customers with creating printable graphics and designs eventually becoming a specialist for large orders. Participated in various projects to improve usability, creating better workflows for Spreadshirt. This experience sparked my interest in UX.
- 2011-2014** **Self employed**
 Product & Graphic Design 4 years
 Developed products with a focus on versatility and upcycling (tables, chairs and lamps). Graphic design for flyers, posters and logos.

EDUCATION

- 2023-2023** **Certified UX Designer at CareerFoundry** 9 month Leipzig
 Created case studies for Android apps, starting with in-person research methods and employing human-centered design to develop concepts up to high-fidelity prototypes using Figma.
- 2023-2023** **Cinema4D at Indisoft** 9 month
 Learned to create animations for products, logos, and fonts, as well as visuals for UI elements.
- 2023-2023** **Diploma in Industrial Design** 9 month Saarbrücken
 Focused on sustainable products and interior design. The final project was called "In Between Rooms" and experimented with integrating innovative features into doors.

Experienced UX designer with a background in industrial & graphic design. Proficient in crafting user-centered physical and digital products, skilled in managing complex projects.

Seeking new challenges in UX Design, with a strong interest in education-focused product development in an agile working environment.

Design Tools

FIGMA

I love this tool. Quick, intuitive and versatile.

Photoshop, Illustrator & InDesign

I started using Photoshop when I was 14. Adobe provides the tools to translate ideas.

Cinema4D

I really like the power of this program with its complexity and almost limitless possibilities.

UX Tools
